

## MOSAIC MASONRY DOORS

We are pleased to announce that the Mosaic Masonry transition is complete and getting rave reviews from our customers. One of several units which was recently updated with the new Mosaic Masonry technology is the Monticello 48" wood burning fireplace. The redesign of this unit has required us to update the optional glass doors, (the BDMO doors).

Please, note that any (V)F48HIA or (V)F48HRA Monticello or Plantation fireplaces will need the new BDMO doors. The new model numbers are indicated by an "A" suffix. This also applies to the WCM-48FA Centurion fireplace from our Design Dynamics line. Please, see the new model numbers below.

### Old Model Numbers

BDMO48E  
BDMO48G  
BDMO48C

### New Model Numbers

BDMO48EA  
BDMO48GA  
BDMO48CA

Thank you for your continued support.
