V32/36/42/50 Model Series

Offering Beauty,  
Value and Versatility

*Stylish new features for homeowners...better value for builders*

FIREPLACES  
FOR BUILDERS  
**Fmi**

## Warm Up To A High-Efficiency Colonial

There's a growing demand for vent-free gas fireplaces because they're 99 percent energy-efficient and can be installed virtually anywhere. FMI's Colonial vent-free models deliver these benefits and more. They're part of our exciting new Renaissance Series, which offers a consistent look, sizing and construction across the entire line...plus beautiful new features homeowners will love!

### Homeowner Highlights:

- **Visual appeal**—Textured refractory brick liner (except 32") offers the attractive look of a true masonry fireplace.
- **Many luxury features are standard**—The Colonial comes standard with a heat deflection hood, hidden screen pockets, stamped steel louvered panels, and other distinctive features.
- **Dollar-saving efficiency**—The Colonial's 99% energy efficiency can provide dramatic energy savings.

### Builder Benefits:

- **Straight, secure installation**—We've added full-length nailing flanges, and drywall stops.
- **Flexibility in the field**—You can quickly convert from louvered to clean face at any time.
- **Economical and versatile**—There's no chimney required. Can be installed virtually anywhere.

V36 is our louver-faced 36" fireplace with textured refractory brick-lined interior.

V42 is FMI's 42" louvered-face fireplace shown with optional herringbone textured refractory brick-lined interior.
