B-Vent Is Both Beautiful And Economical

Our Cottage B-vent gas fireplaces let homeowners have it all: beauty, performance, convenience and economy. Ideal for today's smaller, more efficient homes, you can install the Cottage in a wide variety of locations. They're a key part of the new Builder Series, which offers a consistent look, sizing and construction across the different gas technologies...plus beautiful new features homeowners will love!

Homeowner Highlights:

■ **Superb looks**—Full sized Cottage fireplaces feature handsome roll-formed louvers with woodburning style glass door and decorative spark screens. The new ember bed burner includes exquisite new split oak ceramic fiber logs with natural wood details and sharp charred features.

■ **Impressive ambience**—The Cottage's realistic 18,000 BTU glowing ember bed burner creates random dancing yellow flame pattern for the cozy look and feel of a real wood fire.

■ **Operation is a breeze**—Includes piezo ignition, and operates from wall switch or remote control (optional).

Builder Benefits:

■ **More installation options**—Thin, compact design with 4" B-type gas venting requires minimum space and can be installed in a variety of locations.

■ **Uniform Design**—The B-Vent is an exact look-alike to our Cottage direct vent fireplace which allows builders to install either model maintaining a consistent look.

■ **More standard features**—The Cottage features roll-formed louvers and glass door standard...includes piezo ignition and is pre-wired for wall switch.

■ **Straight, secure installation**—We've included solid nailing flanges and drywall stops for solid installation.

36" B-Vent Gas Fireplaces
