Cast Stone Mantle

For Wood Burning Fireplaces.

BELVEDERE CAST STONE MANTLE

A beautiful fireplace truly is the Heart of the Home. So furnishing the hearth with elements of quality and style is the foundation of the home's design character and quality.

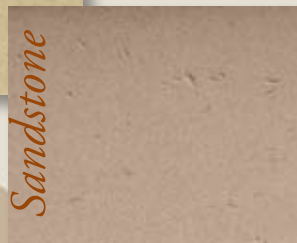

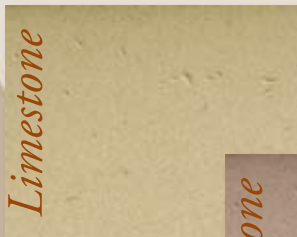

This is our passion at Hearthside Designs™; the exclusive provider of quality, handcrafted hearth furnishings for Desa Hearth Products.

The new Belvedere Precast Stone Mantle from Hearthside Designs™ is a formal old world design featuring signature gothic arch with fine accent molding in a classic moorish style. It's daunting, yet soft presence will be the dominant feature without overpowering the room.

The Belvedere is available in 2 custom finishes which are integral to the stone material and factory sealed. The reinforced concrete construction is exceptionally durable with unsurpassed detail and quality. The Belvedere is custom designed for easy installation on the large 48" Fmi™, Vanguard® and Design Dynamics™ brand fireplaces*. It features our patent-pending, fool proof installation system which self-centers the mantle and virtually eliminates field cutting, filling and touch up.

**See price catalogue for complete details.*

- Features:**
- Classic, European Styling
 - Reinforced Lightweight Concrete Construction
 - Factory Sealed, Integral Color Finish
 - Patent-Pending Mounting and Installation System
 - Limestone and Sandstone Finishes
 - Approved for use indoors and outdoors
