

DIRECT VENT LUXURY FIREPLACE SYSTEMS

 Monessen

# WARM WELCOME

Nothing invites or delights like dancing flames of a fire.

For thousands of years fire has been the focal point of hearth and home and, like so many families before, we invite you to sit by ours and enjoy their warmth and beauty.

The Manchester direct vent fireplace (MDV)

The Manchester direct vent fireplace (MDV)

## MANCHESTER & WINCHESTER SERIES Direct Vent Fireplaces

Make the beauty and warmth of fire the center of your home with a direct vent fireplace from Monessen. Available in two models to suit your particular design requirements, the Manchester 500/600 and the Winchester 500 from Monessen provide up to 902 square inches of viewing area and up to 34,000 BTU's.

Customize your fireplace to suit your personal taste with our many optional accessories and finishes including trim and louver choices, firebrick options and decorative front frames or fire screen doors. Bring the cozy comfort of fire into your home: warm up to a Manchester or Winchester direct vent fireplace from Monessen today.

## SIGNATURE COMMAND

### FIRE, AND MORE, AT YOUR FINGERTIPS!

No other system offers so many available features as the Signature Command™ System, now standard on all direct vent fireplace models. From the optional Touch Screen remote control you can light the pilot and control three step flame adjustment, or just let the Smart Mode Thermostat take command and automatically modulate your fireplace to its most comfortable and efficient operation. Enjoy the A/C electronic functionality with automatic battery backup system all without getting up from your couch. Add on the optional A/C accessory module and even more features are at your fingertips. Adjust the blower speed, and add up to two additional appliances to the 120 volt auxiliary ports. This allows you to control ceiling fans, waterfalls, room lights, or any appliances you choose, from the same remote control.

### STANDARD FEATURES FOR BOTH MDV Manchester/MLDV Winchester:

- Available Signature Command Control
- Glowing ceramic fiber logs featuring a Natural Blaze burner with random dancing flames and large ember bed
- Natural or propane field convertible
- Flexible connector with On/Off valve included
- Approved for installation with Simpson Dura Vent, Selkirk Metalbestos or Metal Fab direct vent chimney
- Includes 15' of preinstalled millivolt wire with wall switch and cover
- Junction box included for electrical hook up

### Additional standard features for MDV Manchester

- Removable unitized black louver assembly for ease of installation
- Patent field convertible vent technology for venting horizontally or vertically
- Available in two sizes: 36" or 42"
- Optional firebrick and faces available

### Additional standard features for MLDV Winchester

- Contemporary clean face design for full glass appearance
- Patent field convertible vent technology for venting horizontally or vertically
- One size to fit your décor: 36"
