Features:

- **Eye Dazzling Beauty:** The Odyssey features clean, brushed stainless steel faces and stainless mesh spark screens. The screens tuck out of sight behind hidden side pockets to maximize the beauty of the fireplace. They also include the industry's finest colored and textured refractory brick liner for brick liner for a true masonry look. Integrated gas log sets feature intricately detailed bark, split wood and charred textures. Random dancing yellow flames with a deep glowing ember bed complete the full and realistic flame picture.
- **Variety of Sizes & Features:** Available in 36" and 42" sizes in natural white or warm red brick, Odyssey is perfect for any outdoor room. All controls are hidden to eliminate hearth clutter and maximize the real woodburning feel. All models feature glowing ember bed burner with remote ready control and push button ignition.
- **Versatility & Economy:** An Odyssey is extremely economical installation since it requires no venting or chimney construction whatsoever. Not only does that reduce costs, but may also be allowed where restrictions prohibit typical vented outdoor fireplaces.
