

VENT FREE FIREBOXES

WARM WELCOME

Nothing invites or delights like the dancing flames of a fire. For thousands of years fire has been the focal point of hearth and home and, like so many families before, we invite you to sit by ours and enjoy their warmth and beauty.

GRUF36CF vent free firebox with Cottage Clay firebrick and optional ceramic fiber gas logs

MCUF36D vent free firebox with Herringbone brick, optional black arched front and black fire screen doors and optional refractory cement gas logs

VENT FREE FIREBOXES

The G(C/R)UF series of vent free fireboxes from Monessen offers flexibility with 3 sizes - 32, 36 and 42 inches - and the option of circulating or radiant design to suit your requirements perfectly. Available with your choice of firebrick as well as a range of optional accessories, the G(C/R)UF series is easy to incorporate into your design requirements.

It's easy to incorporate the timeless elegance and satisfying warmth of fire into your home with the vent free firebox series from Monessen. Our Magnum MUF series is available in either 36 or 42 inch sizes with your choice of standard Cottage Clay or Herringbone firebrick. With radiant design and a wide variety of optional accessories, you can frame your fireplace right up to the firebox and finish it with a custom look.

For the look of a more traditional hearth, our Lo-Rider LUF series is available in both 32 and 36 inch sizes. With its low profile hearth the firebox appears to nearly rest on the floor and it offers an extra large viewing area. Standard Herringbone firebrick is supplied on both the 32 and 36 inch sizes - so all you have to do is select your optional accessories to make these exceptional vent free fireboxes from Monessen truly your own.
