Stylish extras for homeowners...better value for builders

Stunning Looks, Custom Masonry Design

For centuries, a traditional masonry fireplace has been the focal point of the home. And over the years, creative new designs and features have enhanced both form and function of the hearth. Fmi's *Grand Masters Series* offers the timeless elegance of traditional masonry using our modern, innovative technology. The Round Top Masonry Wood Nook is our award-winning recreation of a classic hearth feature; mixing innovation with tradition... and offering even more beautiful new features homeowners will love!

Homeowner Highlights:

- **Custom Masonry Look** — With an arched top and completely enclosed masonry firebrick liner, the wood nook completes a custom, total hearth presentation installed in addition to any of our Mosaic Masonry™ fireplaces, Indoors or out!
- **Functional Beauty**—The Masonry Wood Nook is more than just a beautiful fireplace amenity, it's extremely durable and more than adequate as a functional storage spot for heavy firewood.

Builder Benefits:

- **True Masonry Firebrick**— Fmi's patent pending Mosaic Masonry™ firebrick hearth systems offer true, luxurious masonry at a fraction of the cost and installation time of site-built. With factory controlled efficiency and consistency.
- **Unparalleled value**—Offers the strong homeowner appeal and additional value of rich, elegant, hand-crafted masonry.
- **Total System**— Just add water! The firebrick kit includes factory installed template panels, precut and labeled bricks, and even a bag of hi-temp mortar to grout the finished nook.
- **Secure, straight installation**—We've Included full-length nailing flanges / drywall stops built into all 3 sides of the face frame.

Masonry Wood Nook

The Grand Masters Series
Masonry Wood Nook
24" Round Top Model
DHR Model Series

The Masonry Wood Nook features a traditional stacked, running bond brick pattern.

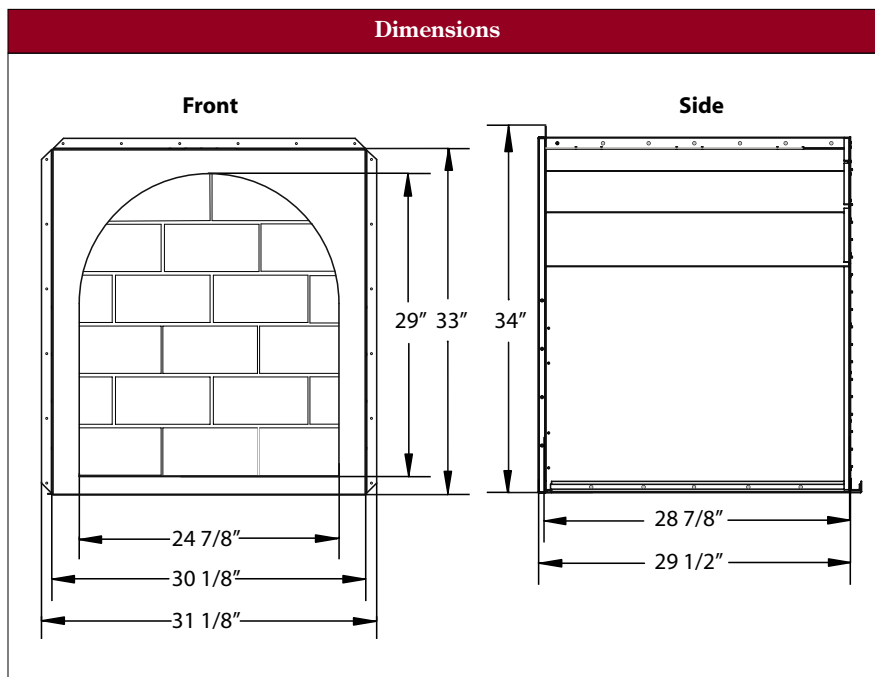

Individual grooved bricks snap-lock securely into the stainless steel templates for easy installation.

Fireplace grout lines are finished using the high temp, refractory mortar included.
